

# Items that can be safely cremated with a pet

Some sentimental items are perfect to accompany pet's on their aftercare and cremation journey with Lawnswood. These items include:

REAL FLOWERS

LETTERS

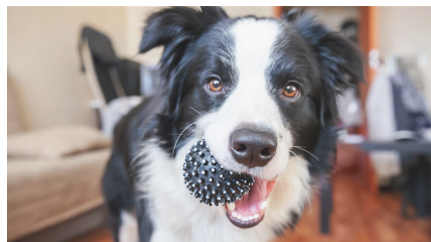

DRAWINGS FROM CHILDREN OR FAMILY MEMBERS

PET'S FAVORITE TREATS

Large bulky items cause excess material to go into the environment and therefore cannot be cremated whole. Our caring team will lovingly place a small sentimental piece of these items with the pet for cremation and thoughtfully dispose of the remaining item unless requested to return.

TOYS

BEDS

BLANKETS

**Please remember** to always let our friendly team know if you require any items to be returned such as collars and leads so that we can carefully prepare them into the pet's return bag.

Unless specifically requested to return them, pets will not be disturbed and will be cremated with their collars on.

Should you have any queries about the suitability of an item for cremation, please feel welcome to reach out to your local Relationship Manager for guidance.
